Education

Supreme Knowledge Foundation Group of Institutions, BTech (Pursuing) Aug 2023 – Present
Surendranath Vidyaniketan June 2023

Professional Experience

DevOps & Cloud Intern, Connect In Cloud – Remote (connectincloud.co.uk) Apr 2025 – Present

- Deployed and managed cloud infrastructure supporting 100,000+ monthly users across 5+ production environments.
- Automated CI/CD pipelines, decreasing release cycle time by 40% and reducing rollbacks by 25%.
- Orchestrated containers and services with Docker Swarm, Kubernetes, and Docker Compose, enabling zero-downtime deployments.
- Implemented blue/green deployment patterns and monitored system health for 99.999% uptime.
- Collaborated with cross-functional teams to deliver scalable solutions integrating Go, Bun.js, Node.js, and PHP.

Full Stack Intern, Dobby Ads – Remote (dobbyads.com) Apr 2024 – Jun 2024

- Built and maintained scalable systems for ad management and analytics, supporting 10,000+ daily active projects.
- Automated deployments and integrated CI/CD pipelines, reducing deployment time by 40%.

Freelance Projects (Selected Clients)

DevOps Engineer, Mobile Development Engineer – Freelance pcpindia.com

- Automated cloud deployments and monitoring, improving issue resolution speed by 50%.
- Delivered mobile solutions adopted by 100% of company staff for daily operations.

Full Stack Engineer, DevOps/Cloud – Freelance sonysauto.com

- Deployed cloud-based infrastructure, achieving 99.999% uptime.
- Managed 5,000+ inventory records, enabling real-time tracking and reporting for distributed teams.

Mobile Development Engineer – Freelance chetmani.com

- Built mobile-first internal tools for business transparency and predictability, adopted by 100% of management.
- Streamlined workflow and reporting, reducing manual processes by 80%.

Achievements

- **Won Indian Oil AI/ML Tender Project:** Delivered a Vision AI and MLOps solution to validate and process over 5,000 contracts and documents monthly for Indian Oil. Architected and deployed on-premise and cloud-based AI/ML models, integrated vector database search for 10x faster retrieval, and automated intelligent validation workflows, improving compliance accuracy to 98%.

Technologies

DevOps & Cloud: Docker, Docker Compose, Docker Swarm, Docker Stack, Kubernetes, Blue/Green Deployment, Linux, Traefik, Nginx, VPS, MinIO, CI/CD, GitHub Actions, GitLab CI, Git, GitHub

Programming: Go, TypeScript, JavaScript, PHP

Backend: ElysiaJS, Express.js, Bun.js, Node.js

Databases & Storage: MongoDB, MySQL, MariaDB, Firebase, MinIO, VectorDB

Frontend: Expo/React Native, React.js, Next.js, Vue.js, Tauri
